

ATTENTION

Bright Futures Changes: Effective Fall 2009

Changes percentage-based awards to fixed amounts:
\$126 per credit hour for Academic Scholars and
\$95 per credit hour for Medallion Scholars and Gold Seal Awards

- Requires repayment of Bright Futures scholarship disbursed to the student for course drops or withdrawals after the end of Drop/Add. This means that if you drop a class after Drop/Add you will have to repay the Bright Futures award you received for that course, unless an appeal is approved. The last day of fall Drop/Add is Thursday, August 27. **Verify your finalized schedule by this date in order to avoid fees.**
- Changes the number of earned hours needed to renew the Bright Futures Scholarship from 12 to 24 semester hours per academic year, or a prorated number dependent upon the number of hours disbursed per term.
- Removes college-related-expense awards (aka book awards) for Academic Scholars.
