

CSI Major Newsletter

Spring 2020

Home is where the heart is! *By: Charla S. Perdue*

We are all home more while sheltering from a global pandemic (never thought I would type those words). I hope you took the extra time to catch up on all the Forensic Journals you have not had time to read.

In all seriousness, your life and academics have been disrupted and I am sorry about that. We have worked very hard to make sure you are impacted as little as possible during the summer labs. To this end, things will be different but our desire is to keep you safe without sacrificing the integrity of our program. I appreciate your patience with us and

look forward to a wonderful time of learning together.

As you plan your courses for fall, please make sure you take advantage of advising so you stay on map.

System (Fall, Spring)

CSI Student of the Semester

Autumn Hurst

Autumn been selected as the CSI student of the semester.

Autumn works as a surgical unit secretary at Bay Medical Center here in Panama City, FL. While some of us had extra time home during the Pandemic, others had increased hours while managing their schoolwork.

All of our medical professionals have continued to work on the frontline of the Covid 19 fight. We are all very appreciative for all the contributions of those in our medical facilities during this time.

Need CSI gear for lab or fun?
