

Pronouns in myFSU

NOTE: MyFSU Student Central also features the ability for students and former students to manage their personal pronouns centrally. Because personal pronouns in Canvas are not yet integrated with myFSU, changing them in myFSU will not automatically change them in Canvas. You will still need to manually select your personal pronouns in Canvas. If you need assistance updating your personal pronouns in Canvas, ODL technical support specialists are available to help.

To select your personal pronouns in Student Central:

1. Log in to myFSU.
2. Under the *MyFSU Links* in the upper left of your myFSU portal, select the **Student Central** icon.

3. Select the **My Info** tile.
4. Your Personal tab and the *Personal Details* page contained within it will appear by default. Select the **Biographic** tab.

5. Below the *Demographic Information* heading, you will see the Preferred Pronoun option. Click on the **Preferred Pronouns** field to select and/or edit your pronouns.
6. Select a pronouns option from the drop-down menu that appears.
7. Click the garnet **Save** button.
