**APPROVAL OF THE MINUTES FROM MEETING #12-38, October 10, 2019**

**FACULTY/STAFF/AUDIENCE INTRODUCTIONS AND ANNOUNCEMENTS:**

**Dr. Clark:** I would like to thank Billy, Sam and Kyle for attending the Board of Trustees Meeting where Dean Hanna went thru the process of presenting our Student Housing Project. That was a major hurdle for us with one more to go. I saw the photographs and absolutely wonderful things were being said not only about our housing project but the quality of our student leaders here and having SGC behind this project. Things have progressed in a very good way and we are working now to getting to the January Board of Trustees Meeting. So job well done! I want to briefly mention about the Homecoming Debriefing Meeting. There are still one or two things that Billy, Sam and I will meet with the Dean to express some of their concerns about how homecoming played out and how some things did not happen. I want to publicly thank Brittany for all of her work in organizing something on that scale is not easy there are a lot of moving parts. Dean Hanna has asked that we put more structure into it and that it not be just an SGC event and that the University itself takes equal ownership. I have put together a framework that all of you are welcome to weigh in. The goal is to try to take some of that pressure off of SGC. I want to thank Melissa, we are working on our very first community wide LGBTQ+ event and it would be a first for Bay County. We have quite a few community partners and we are targeting February 1<sup>st</sup>.

**Finance & Administration:** No report.

**Kayleigh Cosson, Student Engagement Coordinator:** I am working on an FTIC event for freshman only it is going to be a Vision Board Party so if you can get the word out to freshman I would appreciate it. I want to briefly say that Allison, Danella and I are working on getting our own movie screen for our campus just to be more efficient and we can talk about that more. We are also working on getting your computers to print it's been a process, but we haven't forgotten and we are working with IT. We are also

trying to get the couch in the hall replaced. I heard the Halloween event was great and it was awesome to see SABA working together. Allison wanted me to remind you about the Heart Walk it is going to be on Saturday @ 7:30 am. We are looking for students to sign up and I can get you that information as well.

---

## OFFICERS' REPORTS:

**President Bradley:** We have an Orientation on Friday, November 15<sup>th</sup> @ 8:30 am and we need 4 to 5 representatives so if you are interested in attending please email Sam and me. One thing Dr. Clark didn't mention was that not only was our housing project approved, it was approved unanimously so that is stellar. The last thing is for homecoming like Dr. Clark said he has created a framework and I will email it to everyone. Please feel free to make as many comments as possible.

**President Pro Tempore Lamb:** The Board of Trustees was a really great experience and moving on to the Board of Governors next which is not a small task and we are looking hopefully to being able to take more students over to that and this councils support. I am looking forward to it.

**President Bradley** – As you all know, I spoke with each of you throughout this week. Thank you to Sam for filling in for me last week. I heard from all of you that it was appreciated and that he did a good job. One thing I would like all of you to know if you ever need any help on any subject please reach out to any Representative and that includes Sam, Melissa and I. We are here to support you. I think we should have increased one-on-one meetings and everyone seems to be in favor of that. One thing you all said is that we should hold more mutual respect for one another. If you have a criticism of somebody, please do so professionally. If you are taking criticism from somebody, please do it professionally.

**Pro Temp Lamb** – Communication is a very important facet. Please let me know if you need anything from me. One of the main reasons I set up office hours is so there is a dedicated time for students and SGC members to come and talk to me.
