**APPROVAL OF AGENDA: #4-40**

**APPROVAL OF THE MINUTES FROM MEETING #3-40**

**FACULTY/STAFF/AUDIENCE INTRODUCTIONS AND ANNOUNCEMENTS:**

**Finance & Administration: Susan McNeil:** Nothing new to add. Any questions? Dr. Clark: Was there a report on the work starting on collegiate drive crosswalk? The crosswalk will go into place. Last week had a meeting with the city about enhancing collegiate drive lighting. We don't have pedestrian traffic currently competing with vehicle traffic. We've got to do what's in the best interest of student safety.

**Allison Moon:** N/A on vacation

**Kayleigh Cosson:** Hi everybody! I just wanted to thank Raemi for helping with our wonderful Juneteenth celebration, the first ever. Also thanks to Dr. Clark. It was amazing. Drummers, storytellers, learned about things I didn't even think about. We're really targeting these diversity-heavy events. If interested, we have a diversity event committee on Thursday at 11am. If you're interested, please let me know, we'd love to have you. We value your input! On vacation during your next meeting. Hosting an RSO Officers' Meeting tomorrow regarding starting and managing an RSO with paperwork. At 10:30am on zoom. Please submit your time tonight.

**Dr. Clark:** Great sign to see face-to-face. Signs of progress and moving back to normal and not afraid of people. Very proud of your president and vice president. Last week we went down to the TPO for the first time. Transportation Planning Organization. Fascinating to see a map of bay county and the surrounding area. To see the county, state, federal department of highways. Our project came up and I didn't think we had to say anything but then we were asked. Great job doing it on the fly. We had one last student health services proposal: Gulf Coast Regional Medical Center coming up on the 28<sup>th</sup>. Signed one with the Bay County Health Department. They have a whole team of people. The FSU administration, despite your support, would not allow the fee to go to the board of trustees. The state had already been told "no fee increases". Bad optics. Between Dr. Hanna and Dan Nix to figure out the payment of these services. The new student housing means we anticipated getting 4 new positions. Mental Health Specialist, Judicial

Affairs specialist, career services position, student engagement coordinator. All of this was denied – Amy Hecht replied, “maybe one position”. “Student affairs generalist” position”. More meetings to come. If any of you have an opportunity, just say hey! Words of advice: do not take summer school for granted! It’s very condensed and demands a lot more of your time. Give your studies the time they deserve. “Every task, goal, race, and year comes to a end. Therefore, make it a habit to finish strong.”

**Dean Randy Hanna:** N/A

**OFFICERS’ REPORTS:**

**President Garner:** Tyler and I did go and close out the Bay Town Trolley deal officially. Basically means for the fall semester we are doing a trail period where all FSU PC students get to ride for free. Also wrapping 2 busses with FSUPC branding from the Perry’s. Outside of that, we’ve been working on the Barron building which we’ll get to. A lot of what we’ve been doing is getting involved with the committees. Planning ahead for the fall along with summer. Id like to remind everyone we’ll be helping out with the Seminole landing move-in weekend and convocation.

**Pro-Tempore Tice:** TPO meeting went great! Mixed with different county and city officials. Looking and seeing if we can do beach restoration. Also tree planting initiatives. Meeting with RSOs and trying to attend at least one of each one.

**Senator Bennett:** N/A

**OLD BUSINESS:**

**Seminole Hall Update:** Did finally remove the built-ins and fixed the floors. Took forever to do! We've bought the foosball table and a surprise we're working on and involves a couple of people who'd watch the recording. It's been approved as well. All of Press Print's purchases have been approved. 2 weeks out!
