APPROVAL OF THE MINUTES FROM MEETING #4-40

FACULTY/STAFF/AUDIENCE INTRODUCTIONS AND ANNOUNCEMENTS:

Finance & Administration: Brent Bookout: Nothing to add.

Allison Moon: Just one quick update, most of student affairs is gearing up for the fall semester. One of the new projects: Gulf Coast has hired a new Student Activities coordinator (previously Chaz.) Meeting tomorrow to get an introduction with their new team member and one of the first conversations I want to have is how to revive our intermural program. Covid happened. The SGC health and wellness chair, Makaila, I'll probably be reaching out to you to see how the three of our areas can coordinate. We'll be happy to have that starting in the fall.

Kayleigh Cosson: N/A on vacation

Dr. Irvin Clark: Thank you Madam President, my apologies for not being in person. Quick few things. All students will be eligible to make use of all of the Student Health Services. The Dean's office is paying these fees so they will be available to all FSU Panama City students. Three new learning communities: Robotics, Crime Scene Investigation, and Global Business. New student housings ribbon cutting is rescheduled to august 19th. Emergency preparedness plans are being updated to include Seminole landing. Any questions.

OFFICERS' REPORTS:

President Garner: Don't have much to report on. Its been kind of a less-intensive 2 weeks for me. A lot of the projects I've been working on are finally coming together. Seminole hall has everything purchased

Resolution Seconded

Resolution Passed by Roll Call Vote: Tyler Tice (yes), Ethan Lewis (yes), Cayla Walker (yes), Makaila Wilson (yes), Raemi Creteur (yes)

For the Good of the Order

Ethan Lewis: I'm surprisingly busy with my events so I'm taking care not to overextend myself with my event planning- I might lessen the frequency of events to ensure they go well as I much prefer quality over quantity. I'm still planning out some new events with Raemi and excited to see what we come up with. If anyone is interested in working with us in my Programming Committee, we'd be glad to work with you. My current upcoming event is the Meal Prep: Couponing event on July 12th at 6pm in the DDS. We plan to teach some cooking skills and how to shop for ingredients. We'd love to see you there as well! We plan to give away a set of Pyrex glassware as well for attending students. Include Evan in meetings.

Cayla Walker: Waiting to hear back from Brei for SAME club. (Kyle Greer: they are withdrawing their budget request for this semester and plan to submit it later)

Makaila Wilson: Alright, now that we have the Yoga bill passed, Ill be working on getting Yoga set up hopefully in the Conference room. If somewhere else seems better we can always move it. We'll be doing a trial in the summer to see what we need and prepare getting it up and running multiple times in the week rather than just once a week. I think on our email that our meetings are switched. Every other week, but it's next Tuesday rather than this recent Tuesday. 10:30 or 10am is my committee meeting.

Raemi Creteur: Not a whole lot. I will verbally express that my dad has been diagnosed with lung cancer. I've not been as active with the special events committee; we were looking to ramp up our meetings to weekly but I haven't set up the new meetings. Still looking forward to the farmer's markets. This Saturday we plan to visit them. I will be bringing coffee and donuts for everybody. We are working on the flyer ang gathering information for them to be vendors on campus. Hopefully will be getting back into that very soon.

ADJOURNMENT: Representative Creteur moved for the meeting to adjourn at 9:06 PM. Motion was seconded.
