**FACULTY/STAFF/AUDIENCE INTRODUCTIONS AND ANNOUNCEMENTS:**

**Finnigan Green:** I'm a freshman here at FSU PC. I'm here in part to take place in this meeting and with Communication club to present their bill.

**Dr. Lawrence:** I'm the faculty advisor for the communications club and I'm here basically to support them [Communications Club] and the proposal they're putting forth. This came about as the club was beginning to think of participation on campus this semester and to foster community engagement. I'm in full support of their proposal.

**Dr. Irvin Clark:** I apologize for not being there, I appreciate what you all do. I have one quick thing; I did get numbers this past Tuesday from the bay town trolley and we've had 34 persons ride the Bay Town Trolley. And I think our goal was 100 per semester, correct sir? [Yes] So whatever SGC can do to encourage ridership, and I know Mr. Tice that we need to have a follow up conversation about grants and about how we can keep it going. And let you all know that health services did get vaccination on campus today. I'm not certain how many, but I will get all that information and report accordingly. And that essentially concludes my report! Are there any questions for me?

Meeting #10-40  
9/23/2021

**Finance & Administration: Stacey Pelham:** I don't have anything right now. I might have something later once you discuss your bills.

**Allison Moon:** Just a couple quick updates. Mainly as far as what's happening in SA. A lot of progress right now in getting both the food pantry and clothing closet in better condition than what it's been in. Tomorrow Brock has really been coordinating all of that. As you hear of students, please send them our way. Our next big event next weekend is Family Weekend and we'll be requiring registration. This is our first big event on campus, and we hope people enjoy it and we have [events] happening. Please make sure you register and spread the word that registration is required for Family Weekend. I know that you're going to talk about Transportation to Tallahassee. Earlier in the week we sent out a survey to students, 8 students responded. "Which of the remaining home games would you be interested in transportation to?" The most at any one game was only 4 students. Just some information that we gathered over the week. Just wanted to make sure you had that going forward.

**Tiffany Griffin on behalf of Kayleigh Cosson:** The monthly FTIC event for September is tomorrow, taking a trip to Shell Island. You have to pre-reserve, and it closes tonight at midnight. There's still time for any freshman in the room. If you see anyone tonight that's a freshman, let them know that it'll be until tonight. You have to transport yourself to where the ferry is, in St. Andrews State Park. It's just over the bridge and to the left, there's signs that'll direct you right to it.

---

## **OFFICERS' REPORTS:**

**President Garner:** So first and foremost I want to give a big shoutout to Sandy Spear for tonight's catering. So everyone is welcome to that. Sorry to everyone on zoom! We're very grateful to them for providing that for us. I'm so glad to see that there was freshman turnout for passports. If this is your first SGC Meeting, hi this is how we operate! I'm so so so happy that we have so many RSOs asking for funding today. Gulf Coast and FSU softball teams will be playing against each other on October 16<sup>th</sup>. A tailgating this starts at about 10am. I have a meeting about it where I'll be getting more details and SGC may be getting involved. But if you want to write that down and attend regardless, you should have free admission with your ID. Our Softball team almost won the national championships. Covid guidelines: Student Government will continue to follow the Covid Guidelines. The next thing is Seminole Hall. A big portion of the furniture arrived, it looks fantastic, and I can't wait for the rest of it to get here. We are almost done and I'm very excited for how everything is turning out. Student Health Services and Garnet & Go: Mon, Thurs 1-4pm for SHS and is on the website. [Pc.fsu.edu/SHS](http://Pc.fsu.edu/SHS). Today they were offering free covid vaccinations. I believe they offer them normally as well. I highly recommend everyone get vaccinated. Last couple of things: committee volunteers: we are always looking for students to serve on the committees. I'm always available and always online. If anyone needs anything or has questions, I'm always available.

**Pro-Tempore Tice:** Thank you once again for this large crowd, its super great to see that. It was very hard with covid to come together. The amazing progress that's been done this week. We will also be seeing RSOs and committee meetings in there. Committee meetings are really great to get involved in and have fun. Almost every meeting its so fun to go over the ideas we have. The more involvement we have the more we are doing what the student body is asking for. GO over a bit about how procedurally we will be doing this tonight. Its best to put it in this area. Essentially, we have a lot going on this meeting, so we will be recommending for each bill area to give 10 minutes of time to go over the presentation. We will try to be as effective as possible in this meeting. Additionally there has been a large precedent on how we handle

Meeting #10-40  
9/23/2021

deliberation. We will be doing this a little bit different and breaking precedent tonight. Usually if the council feels like there could be an impression from those in the room, we ask the parties to leave the room. Under sunshine law, they are not required to leave the room. It is a Student Government meeting. SO essentially tonight we have decided that we will not be asking individuals to leave the room. In the idea of having individuals with impression and such, our council can try that out. Afterwards not going over the discussion. We will be asking our council how they felt having the individuals in the room if this is a precedent we would like to change in the future. That's all I had. [insert #schoolsbackgetvaxxed promo]

**Senator Bennett:**

**OLD BUSINESS:**

**Tallahassee Transportation Discussion**

Discussion taken from table

Motion seconded

**Allison Moon presenting data:** This weekend's game had only 1 person interested. Remember that if you are driving, you are a university employee and that counts towards your hours. Representatives can work 20 hours per pay period (two weeks) and Officers 40 hours per pay period. October 2nd game: 2 students interested. Remaining 3 games: 4 students interested in each of those 3 games.
