Hazing:

No organization shall utilize hazing as a condition of membership or continued membership of the organization. Hazing is defined as any group or individual action or activity that endangers the mental or physical health or safety of which may demean, disgrace, or degrade any person, regardless of location, intent, or consent of participant(s). Although hazing is generally related to a person's initiation or admission into, or affiliation with, any student organization, it is not necessary that a person's initiation or continued membership is contingent upon participation in the activity, or that the activity was sanctioned or approved by the organization, for a charge of hazing to be upheld. The actions of active, associate, new, &/or prospective members, or alumni of a student organization may be considered hazing. Hazing is not confined to the student organization with which the student subjected to the hazing is associated.
